(B) shall not impose any step therapy requirements, other than those established under the Treatment Criteria for Addictive, Substance-Related, and Co-Occurring Conditions established by the American Society of Addiction Medicine, before authorizing coverage for a prescription medication approved by the United States Food and Drug Administration that is prescribed or administered for the treatment of substance use disorders;

(9) With respect to all mental, emotional, nervous, or substance use disorders or conditions, coverage for inpatient treatment shall include coverage for treatment in a residential treatment center certified or licensed by the Department of Public Health or the Department of Human Services.

(c) This Section shall not be interpreted to require coverage for speech therapy or other rehabilitative services for those individuals covered under Section 356z.15 of this Code.

~~(d) The Department shall enforce the requirements of State and federal parity law, which includes ensuring compliance by individual and group policies; detecting violations of the law by individual and group policies proactively monitoring discriminatory practices; accepting, evaluating, and responding to complaints regarding such violations; and ensuring violations are appropriately remedied and deterred.~~
